Vision

To emerge as a globally competent academic Institute, excelling in research and innovation by inculcating knowledge of science, engineering, technology and management, striving for the growth of socially responsible individuals.

Mission

- To inculcate a sense of innovation, design and entrepreneurship amongst the students through outcome based learning.
- To encourage and facilitate faculty, researchers and students to work synergistically across the boundaries of various disciplines.
- To be the centre of excellence by developing resources and infrastructure beyond statutory requirements and become the preferred destination for learners.
- To promote research and development, technical consultancy and symbiotic partnership between industry and the Institute.
- To inculcate a high regard for ethical principles and human values and to pursue knowledge as a process of lifelong learning.

About Digital Education:

Among the longer strides taken in the academic sector as well as in the development of students amidst the hardships of remote online education, Meghnad Saha Institute of Technology has never been fruitless in its amazing endeavors, even during the Pandemic. The various departments, cells and associations of the Institute have joined hands together for the social upliftment and also for overall development of students in academics.

- The Institute shifted to virtual platform with ease with a class attendance of 97% on an average.
- All Examinations conducted successfully in online platform without any hassle.
- The only College in West Bengal to conduct Laboratory Experiments through Virtual Labs, Online live Broadcast and video lectures.
